

Senior Leaders and fellow Logisticians

The next live "Quartermaster Connect" is scheduled for 5 November 2015, 1000-1200EST.

This quarterly interactive session provides a forum to inform our Sustainment community on the latest hot topics and initiatives within the Quartermaster School, while at the same time sharing observations, issues, and challenges impacting the operational Sustainment Warfighting Forum community.

The agenda topics include: GCSS-Army: Fielding Update; National Training Center (NTC): Observations, Insights, Lessons Learned; CASCOM Sustainment Virtual Playbook: Sustainment Virtual Playbook; US Army Human Resources Command: LTC Promotion Analysis and ASI Management within the QM Corps; Material Systems Division: Material Handling Equipment; Logistics Training Department: Supply Excellence Award Updates; Army Materiel Command: Force 2025 Sustainment and Maneuver; US Army Petroleum Center: Army Petroleum Center Initiatives; and public service announcements.

The agenda topics will be followed by an open discussion period in which Commanders and Sustainment leaders can voice their issues and concerns. Please know that you add value to our "Quartermaster Connect" sessions through your participation and we welcome your insights!

Information on the agenda can be found using the following link:
